About This Content

He's back! Siggis Sorglos, synonymous with German diligence, punctuality and cuckoo clocks, returns to the airline business with this DLC for Airline Tycoon 2. Play the entire campaign from the main game plus two brand-new missions with this blonde winner and learn why he has returned from his well-deserved retirement. This DLC also brings the possibility of establishing branch offices in foreign airports and thus receiving access to a larger selection of charter flights. But that's not enough! For even the popular last-minute counter is celebrating its comeback with this DLC. Whoever reliably fulfills the contracts offered there will rake in a lot more money.

Key Features:

- New character: Siggis Sorglos, completely voiced with his own story
- New airline: Falcon Lines
- Two additional campaign missions
- Branch offices: Open locations throughout the world!
- Last-minute counter: Fulfill time-critical contracts for high rewards!
- All new features can also be used with the existing characters.
